

Appl. No. 10/680,092  
Amendment dated: October 26, 2004  
Reply to OA of: September 27, 2004

**REMARKS**

The Official Action is a Restriction Requirement in which it is urged that there are two separate and distinct inventions claimed in this application. Applicant elects the Group I invention, drawn to an encapsulated LED which includes claims 6-10, without traverse. Applicant has canceled claims 1-5 without prejudice or disclaimer as being directed to the non-elected invention and reserves the right to file a divisional application on the non-elected invention at a later time.

In view of the election of the Group I invention, without traverse, an early and favorable action on the merits is now believed to be in order and is most respectfully requested.

Respectfully submitted,

BACON & THOMAS, PLLC
